THE LATE SENATOR FOSTER.

The death of Solomon Foot, the
Father of the Senate, the oldest Sen-
ator by years of continuous service,
took no one by surprise. The last
days of the dying statesman were the
most victorious of his life. Declining
slowly toward the grave, he was not
only conscious of his approaching end,
but saluted it with welcome and good
cheer. He conversed freely with his
family and friends, concerning his
religious hopes, the state of his worldly
affairs, and the manner of his burial.

Many of his associates in public life
called upon him to say farewell—to all
of whom he spoke with great serenity
and courage. Some of these inter-
views were extremely affecting. Sen-
ator Foster, president of the Senate,
sat by his bed-side a few hours before
the close of the scene, and heard the
dying Christian speak in the most ex-
ultant strains of joyful hope—"a scene,"
said Mr. Foster, "which, if the whole
Senate could have witnessed, would
have made every Senator regard the
departing hero as a man to be envied."

It is not improper to say that the per-
sonal relations between Mr. Foot and
Mr. Foster were something more inti-
mate than ordinarily exist between
man and man, or even between friend
and friend; and at their leave taking
Mr. Foster suddenly stooped over the
portraiture form of his friend, put a kiss
on his forehead, and retired in tears.

Mr. Foot's religious views were what
and termed Evangelical. At three dif-
ferent times, shortly before his death,
he repeated the following verses:

"Jesus, the vision of thy face
Hath overpowered charms.
I shall not fear Death's cold embrace
And glory in my soul."

When he saw his wife and family all
weeping around him, he exclaimed—
"Why these tears? There is no occasion
for weeping. This is heaven begun
below! I am only going home a little
sooner; that is all." To Senator Do-
nald he said, "It seems as though a
company of angels were all about me,
and hovering over me to bear up my
sinking spirit from its mortality." The
Secretary of War happened to say, "We
are all in God's hands," the sick man
responded, "Yes; and he is dealing
with me in great mercy. The Lord
reigns, let the earth rejoice!" When
Senator Patterson called, his friend
grasped his hand and exclaimed, "My
dear friend, Patterson, the man by
whose side I have sat so long, whom
I have regarded as the model of a states-
man and a parliamentary leader, on
whom I have leaned, and to whom I
have looked more than to any other living
man for guidance and direction in
public affairs, the grief I feel is that the
strong tie which has so long bound us
together must now be severed. But,
my dear friend, if there is a mem-
ory after death, that memory will be
active, and I shall call to mind the whole
of our intercourse on earth." The next
morning, at eight o'clock, he desired his
attendants to raise him in bed and with-
draw the curtains, that he might view
the dome of the Capitol for the last
time. While he thus lay, gazing, the
twenty-third psalm was read, and his

CURRENT EVENTS.

A. Johnson seems to be going down-ward at a rapid rate. Ingersoll of Ill., said in a recent speech;

"It was too bad to have the rinderpest, the trichena, the cholera, and Andrew Johnson, all the same year."

The discussion in Congress on the adoption of the Reconstruction Report was splendid. Senator Nye made a most glorious speech. He completely pulverized the President's policy. He

"Appealed to the Senate to stand firm and see to it that there could be no recurrence of the Rebellion—that what was done was well done. In the name of the immortal dead and the mangled living, he demanded this. Beyond the grave we shall meet an army of 300,000 dead that will never again answer to the roll-call on earth; but, Sir, on the day of Judgment, they will be there. In their name, by their memory, by the immortal deaths they died and lives they lived, I demand that Congress and every department of the Government shall tread cautiously upon this great work of reconstruction. [Applause in the galleries.]

Congressman Deming made a splendid speech upon the meritorious services of Gen. Grant. We take an extract:

To him who entered the war as Captain, and won upon its battle-fields every successive grade, emerging from it with the highest rank known to the service; to him who, at Fort Donelson, first lifted the cloud which rested on the trembling nation; to him who at Vicksburg released the Father of Waters from his forced captivity with treason; to him who at Chattanooga opened the gates of Georgia so that Sherman might sweep from Atlanta to the sea, and from Savannah to the Cape; to him who successfully conducted 2 of the most memorable sieges in history; to him who received the sword of Buckner, of Pemberton and Lee; to him who received the capitulation of three great armies, and who dissolved the Confederacy at Richmond—let us not show ingratitude. Time destroys the proudest memorials. The impress which we have made as a nation upon the human family may all be obliterated. Our proudest achievements, those which embellish the walls of that historic rotunda, may all drop from the memory of man; our civilization, our liberty sculptured in the pedestal of this Capitol, may all be engulfed in the black waters of Lethe; this massive structure, with its solid foundations, its expanded wings, its towering columns, its majestic dome, with our annals, our Constitution, our laws and our politics, may all be buried in one common grave; yet we shall not all perish. Rest assured that these American names will survive oblivion and soar together immortal—the name of him who founded the name of him who disenthralled, and the name of him who saved the Republic.

The Wool Dealers' Convention in Adrian has excited considerable interest among farmers. The practice of tying up wool was loudly condemned. As much wool and as little grease and dirt as possible is demanded. Thoroughly tag and wash—more will be paid for wool in good condition. If tied at all, it must be with smooth white twine.—The English Ministry avers that it will stand on fall by the enlargement of the Franchise.—Cholera cases are constantly occurring at Quarantine in N. Y. City.—Stevens, the head Fenian, is trying his best to effect a reconciliation between the wings. He has issued an order to all circles to subscribe towards the movement in Ireland, and to send all monies to him, at the Metropolitan Hotel. Stevens addressed 6,000 Fenians in Jones' wood. None of the Roberts party were present. His great plea was for money.—The body of Preston King has been found in New York Harbor in a wonderful state of preservation.—Jeff. Davis is to be tried ere long.

The President has vetoed the bill for the admission of Colorado. She will have to wait awhile.—Connecticut has elected a Radical of the first water, Gen. O. S. Terry.—Gen. Grant urges the passage of the Senate Army bill. Gold, 129 3/4.

But twelve months since Andrew Johnson gave expression to the following sentiments.

"Treason is the highest crime known in the catalogue of crimes, and for him that is guilty of it—for him that is willing to lift his impious hand against the authority of the nation—I would say that death is too easy a punishment. My notion is that treason must be made odious, and traitors must be punished and impoverished, their social power broken, and they made to feel the penalty of their crime. Hence, I say this: 'THE HALTER TO INTELLIGENT INFIDENTIAL TRAITORS.'—Andrew Johnson, April 3, 1865.

Could he not in the multiplicity of speeches with which he favors the country, give us one taking the above extract for his theme? A speech by Andrew Johnson, of 1865, would be exceedingly interesting at the present time.

A GOOD STORY OF GOV. TOD.

Senator Sherman, in his speech at Bridgeport the other day, told this good story.

"A modern Democrat came to a distinguished Democrat of the State of Ohio (Gov. Tod) last fall, after the war had ended, and said: 'Now, my friend, you supported Lincoln all through the war; now the war is over; you have had everything your own way; and now suppose we start again the old Democratic party.' 'Well,' said the old Ohio Democrat, 'I don't know but that would be a good thing; I like the Democratic party; I was raised in it, and stuck to it until it deserted the country and went over to the rebels. I don't know but it would be a good thing to revive and purify the old party; but I would not do it just yet.' 'Ah,' said his friend, 'When would you do it then?' 'My friend,' replied the Ohio Democrat, 'when the Union party shall have discharged its full obligations it has assumed during the war; when it shall have paid all the pensions that are due to the widows of soldiers; when it shall have paid every dollar of the national debt incurred during the war; when it shall have punished all the rebels; when, in short, it shall have accomplished all that it has promised to do—then I am willing that the old Democratic party should be revived. I am not willing to trust the Democratic party to perform obligations that they opposed in their contracting. I prefer to see it done myself—to pay my own debts myself.'"

BY DR. GARNETT.

"Look at the Senate! There stands the Senator from Massachusetts; with his feet fixed upon the Rock of Ages, and clothed with truth as with a garment, he demands justice and equal rights for all men, without respect to color or race. His fame is not confined to one hemisphere or one age, but it is bright in all the civilized world, and will go down through every future period of time. There, too, is Senator Trumbull, the author of the 'Freedom's Bureau bill,' and although it failed in its passage, nevertheless he was successful, for whenever a man does that which is right he is successful."

"Marcellus exiled more true glory feels Than Caesar, with a Senate at his heels."

And there stand Wade, Wilson, Fessenden and Nye, and twenty-seven others, forming a galaxy of intellectual light, patriotism, and legislative ability that is attracting the admiration of every lover of freedom throughout the enlightened world. Look at the House of Representatives! There stands a veteran Statesman, leading on a host that has never yet suffered defeat. Crowned with honors and with years, sagacious, calm, and full of wisdom and courage, he is armed with arrows dipped in the flames of living truth, which he wings with the speed and power of the lightning of heaven. Yes, there stands Thaddeus Stevens. Thank God, he lives and moves and has a being. Thank God that the Hon. William D. Kelly, and Wilson of Iowa, and Julian, and Bingham, and Grinnell, and the glorious and illustrious one hundred and forty-one, still live, and are battling for their country's life and honor at the Thermopylae of Republican liberty. And thank God that the Hon. John W. Forney still lives to wield his pen and raise his voice in behalf of the rights of all men."

That was the colored orator's reply to the President!

WE MUST avoid foreign debt, decrease importation, protect home industry by a tariff which shall thoroughly guard its interests, and we shall have no panic or bankruptcy, but health in business, work and fair wages for all, real national independence, and Revenue without Ruin.

GENS. GRANT, Logan, Burnside, Hancock and Meade have all given their hearty support to Gen. Geary, the Radical candidate for Governor of Pennsylvania.

The proof of the pudding is not in chewing the string, but in eating and tasting. The same rule will apply to the J. Monroe Taylor Gold Medal Soap. Our better half says it no equal, and will do much better work, and go much further, besides leaving the clothes in a much better state after washing. We do not hesitate to pronounce it far superior to any Soap in the market. Go get a bar and try it—most all merchants sell it.

CAUTION.—Those using the Red Jacket Bitters are warned to beware of impositions and counterfeits. The proprietors are doing their utmost to protect the public against counterfeits. Each bottle has a private U. S. Revenue stamp over the cork, and the proprietors' name, Bennett, Pieters & Co., blown in the glass of the bottle.

HEALING THE SICK
By Laying on of Hands.
DR. D. A. PEASE,
PRACTICAL PHYSICIAN,
for curing
CHRONIC DISEASES!
Will open Rooms at the
HAWKINS HOUSE, YPSILANTI,
May 20th, and will remain until June 20th.

No Medicines given!

No Surgical Operations Performed!

The happy day has come when the SICK and SUFFERING can be HEALED without the use of poisonous drugs.

The unseemly, yet all-potent elements of nature, used by persons favorably organized and conditioned, perform the most wonderful cures without the use of medicine, and so certain is the effect that many cases require but one operation, of a few minutes, to perform a cure. Almost all forms of diseases that are curable have been found to yield to this mode of treatment, and what is still more wonderful, a large number of cases that have been given up as incurable by the most renowned physicians of the different schools of medicine, have been entirely cured by this all-potent, life giving power, in an almost incredibly short space of time. No surgical operations performed, and no medicine given.

Almost any curable Disease can be cured with but few operations. Rheumatism, Bronchitis, Diabetes, Dyspepsia, Liver, Heart, Kidney, Nervous and Spinal Tumors, Fits, Internal and External Tumors, Fever Sores, Sprains, General Weakness and all Pain, Sore Eyes, Sexual Weakness, Falling of the Womb, all Diseases of Women and Children, Erysipelas, Paralysis, Apoplexy, Palsy, Dropsy, White Swellings, Deafness, Neuralgia, Ague, Hysteria, Scrofula, Cancers, Salt Rheum, Tetters, and all Skin Diseases, Asthma, Sore Throat, Catarrh, &c., many cases of Consumption cured, and all more or less benefited.

Galesburg, Ill., Nov. 8, 1865.

This is to certify that by the treatment of Dr. D. A. Pease, Jr., I have been permanently cured of Chronic Bronchitis, of ten years standing. Received immediate relief, and disease entirely removed in two days. I cheerfully recommend all similarly afflicted to give him a call and receive treatment that will surely cure the disease.

Yours truly, E. A. Hewitt, M. D.

Bridgeport Centre, Saginaw Co., Mich.

Dr. D. A. Pease, Jr.—Dear Sir—

I take pleasure in stating to you that I lost my speech about the first day of December last; that I was entirely speechless until your operation on me about a week ago; and that since that time I have been entirely restored, and can talk as well as ever.

Yours truly, Edward White.

DIABETES,

STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE UTERUS, CATARRH OF THE BLADDER.

STRANGURY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and no such cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of leeches, cupping and blisters in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

Has proved itself equal to the task that has devolved upon it.

DIURETICS

Irritate and drain the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing, and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

Stroudsburg, Pa., Jan. 20, 1866.

Dr. Gregg.

Dear Sir—I wish to inform you that I have been under the treatment of some of our best physicians for nearly two years, without receiving any benefit. I had lost all confidence, and I indulged in but little hope of a cure from any source. My disease was Dropsy, and my physicians told me that there was no cure for it. I was disappointed in my hopes, and at the different operations about 1200 pounds of water was removed.

I am happy to inform you that I have been completely restored to health by the use of Constitution Water.

I make this statement hoping it may reach those persons who may be similarly afflicted.

Respectfully,

Mrs. MARGILL C. LEVANYWAY

IN DYSENTERY, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

The disease known as FALLING OF THE UTERUS, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE UTERUS, which physicians call Leucorrhoea, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Weakness, Flushing of the Face, Languor, Lassitude, and Dimness of Vision.

READ! READ! READ!!!

DANVILLE, Pa., June, 1862.—Dr. William H. Gregg.—Dear Sir—In February, 1861, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health.

Yours truly, J. V. L. DE WITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.—Wm. H. Gregg & Co.—Gents—I freely give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner.—My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with palpitation of the heart and irritation of the bladder. I called a physician, who attended her about three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not suffer quite as much pain. He finally gave her up, and said "her case was incurable." For, said he, "she has such a combination of complaints that medicine given for one operates against some other of her difficulties." About this time she commenced the use of Constitution Water, and to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintending entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

WM. M. VAN BENSCHOTEN.

WEATHERFIELD, Conn., March 2, 1863.—Dr. W. H. Gregg.—Dear Sir—Having seen your advertisement of "Constitution Water," recommended for inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Meers, Lins, Sisson & Co., and when I had used half of it, to my surprise, I found a great change in my health. I have used two bottles of it, and am now expected to be in my life, well, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love.

Frederick Douglas' Lecture.

This lecture was an eminent success. A
success in the lecture itself—in the large and
intelligent audience gathered to hear the
champion of liberty—in its pecuniary result.
Mr. Douglas came to us badly laden, after a
tour of some two months of constant lectur-
ing and much night riding. He feared that
such was his physical prostration he would
fail to interest the people. He was com-
pelled to speak at his ease, in a low tone. But
we doubt their being an uninterested spec-
tator. The lecture gave more than ordinary
satisfaction. Some of the points and hits
were capital. We shall give a pretty full ac-
count of it in our next issue. The masses
were out—the thinking men and women—
the most refined and cultivated people in our
city were present—the leaders of public sen-
timent—the professors in our schools, and a
goodly number of pupils. The University
sent a respectable delegation. There were
some who, to spite somebody, staid away, lit-
tle thinking that they were spiting themselves
most. Some of our Democratic friends could
not rise above the mean, detestable, ungodly
prejudices nursed in their bosoms by the
leaders of a party claiming to be Democratic.
What a slander on the substance. How
tarnished by such men is that glorious word
Democrat. What little, dwarfed souls, too
wise to hear anything that don't accord with
their own political views. The late Benja-
min Follett, were he alive, with his big heart
and magnanimity of soul, would, by his coun-
tenance and presence, have shamed those
who would fain be his successors. But
there were noble exceptions. Several of our
Democratic friends of wealth and influence
and true manliness, trampled upon the mean
spirit of prejudice, and did themselves credit
by attending. For the pecuniary aid, amount-
ing, over and above expenses, to near \$150,
we extend to the public our heartfelt thanks.
It will be mainly expended in increasing the
facilities of our Job Department. We owe
a special debt of gratitude to Messrs. Dimick
and Lay. They entered upon the thing with
spirit and energy. They are deserving of
the patronage of the public, and we re-
joice that they are so largely receiving it.
Messrs. S. Post, J. A. Dwight, E. Hewitt, and
S. E. Rogers will receive our thanks for as-
sistance rendered.

Sad Affair.
Mr. Mason Hawkins, an old citizen, was
accidentally shot by Mr. Gustavus Cross, on
Saturday last. Young Cross saw a king-bird
light on the west side of the street (Summit
St.) and he passed across to the same
side, about twenty-nine rods from Mr. Haw-
kins, and fired. Mr. H. was not in exact
range of the ball, for had it gone straight it
would have passed him about a rod to the
west. It must have hit some intervening ob-
ject, and glanced. Mr. Cross was not aware
of any person being in the field, Mr. H. not
being in sight. It has deeply affected Mr.
Cross and family, as well as the friends and
neighbors of the bereaved. We trust our
Common Council will prohibit the use of fire
arms in the city.

Gift Concert.
Major Moore of our city is the foundation
of the grand Gift Concert advertised in our
columns. Several have enquired of us in
reference to its reliability. It is our thor-
ough belief that Mr. Moore will fulfil all that
is promised, and if anything should occur
that the concert does not come off, Mr.
Moore will return every dollar taken by those
who may wish to invest.

Removal.
Our friend C. L. Yost has removed his
Harness shop to this side—Jenness' block,
2 doors north of the Post Office. Les. was
doing well at the Depot, and a harness shop
was demanded there. But men will consult
what they consider for their interest, while
the world stands. Success to him.

**Healing the Sick by the Laying on of
Hands.**

We call the attention of all who are afflict-
ed with nervous and chronic diseases to the
card of Dr. D. A. Pease, Jr., in another col-
umn. He is a resident of Detroit, we under-
stand, and has been for some time in success-
ful practice. He asserts that his mode of
treatment is simple and philosophical, that
in his practice he makes no use of drugs,
which weaken the system and often en-
danger the life of the patient more than the
disease they are intended to cure. He at-
tempts to treat the whole system, both mind
and body, into its normal condition, by the
use of such means as nature furnishes. The
Doctor is highly recommended by the press
where he has heretofore practiced.—Ex.

thanks for the benefit I have received from
your treatment, I wish to inform the public
generally of my speedy cure. I had been suf-

1866.

INCREASE OF RATS.—The Farmers Ga-
zette (England) asserts and proves by figures
that one pair of rats will have a progeny and
descendants no less than 651,050 in three years.
Now unless this immense family can be kept
down, they would consume more food than
would sustain 65,000 human beings.
See "Costar's" advertisement above.

1866.

RATS vs. BIRDS.—Whoever ever engages
in shooting small birds is a cruel man: whoever
aids in exterminating rats is a benefactor.
We should like some one to give us the benefit
of their experience in driving out these pests.
We need something besides dogs, cats and
traps for this business.—Sci. Am.
See "Costar's" advertisement above.

1866.

COSTARS Rat Exterminator is simple, safe
and sure.—The Most perfect RAT-ification
meeting we ever attended. Every rat that can
get it, properly prepared, will eat it, and every
one that eats it will die, generally at some
place as distant as possible from where it is ta-
ken.—Lake Shore (Mich.) Mirror.
See Costars Advertisement above.

1866.

FARMERS & HOUSEKEEPERS should re-
collect that hundreds of dollars worth of Grain,
Provisions &c. are annually destroyed by rats,
mice, ants, and other insects and vermin—all
of which could be prevented by a few dollars
worth of Costars Exterminator.
See Costars advertisement above.
